Mr. Vinayak, the General Manager welcomed the students and guided to the brewery and introduced to Mr. Pruthvi Brew Manager. He showed them basic beer ingredients which they import from Belgium, students also seen various cereals used for preparing beer. Students had visited the complete brew system and witness the step by step beer making process. From selection of Grains, crushing, boiling, fermentation to draft system.

The students were happy that they had been given the opportunity to experience the beer manufacturing process and to actually see the ingredients like hops and barley of which they had only seen the pictures.
