2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Transparency initiatives at institute level at Suryadatta College of Hospitality Management and Travel Tourism for internal assessment:-

There is a standard process of internal examination in the college. According to the academic calendar, a student has to appear in 2-unit test and 1-terminal examinations. The schedule of the internal examination is decided at the beginning of the session, in the form of academic calendar.

According to the academic calendar, a teacher have to take unit test, which may be in the form of written test, black-board presentation, power-point presentation, quiz on subject or by other method, which the subject teacher decides. The marks of unit test are shown in the classrooms and each student can ask about its performance. They can observe their test copies. Record of obtained mark is written in register.

If there is any difference or discrepancy in their marks, it can immediately be corrected. The test copy of unit test and quarterly test is shown to students for their observation. Some teachers analyses the solution and method of solving the paper in the class-rooms, especially in mathematics. Further, the test copy of one student is allowed to interchange for observation to other student, at the time of distribution of the answer-sheet in the class rooms.

The concerning subject teacher keeps the record of all internal exams, e.g., unit-test, quarterly exams and model exams. The mark of model examination is sent to the university, as it is a secret data. Its marks are not shown to students. The 10% internal mark of each paper in the model examination is sent. Similarly, the

black-board presentation or the power point presentation is done by students. A student has to present his answer among other students. This method releases shyness of a student and develop the self confidence in him. This method is very useful for personality development of student also.

After showing the answer sheet to students, the copy of the student is kept in the internal-examination section. One may observe the marks and copy in the same session. However, this mark's does not increase student's academic marks in the Annual examination. The student has to attend the internal examination compulsorily. Its marks are sent to the university to add in the semester mark-sheet. Marks are sent as per university exam pattern mentioned in syllabus.

- The marks obtained by the students in internal assessment tests are uploaded on the university web portal along with their attendance.
- Noting the values in observation and validating the theoretical aspects student must submit lab record regularly.
- Day to day performance of the students is assessed for every experiment which includes regularity, performance, viva and the promptness in submitting the record.
- For lab courses, the marks/grade scored by the student for each experiment is indicated in the observation/record. The independent learning, practical approach to the real-time applications is tested by viva voce for laboratory courses.
- For the quality of the projects, the evaluation is done by project guide and external examiners.
- To ensure the transparency and curb the mall practices the university has introduced jumbling system and theory end examinations are conducted at a center other than the college.
- The end examination for the laboratory and projects shall be conducted with internal and external examiner appointed from the other colleges as decided by the University.

Redressal of grievances at institute level:

- Departmental Level: The continuous evaluation of students is carried out by faculty regarding theory lectures, labs, assignments, unit tests. The midterm marks are allotted based on defined strategies and displayed on notice board. Query if any is discussed with faculty and HOD.
- College Level: The Institute appoints a Senior Supervisor for smooth conduction of examinations of SCHMTT. If students are facing any problems, they are solved by the institution

Chief Examination Officer appointed by the university. The grievances during the conduction of online/theory examinations are considered and discussed in consultation with the Principal and if necessary forwarded to the university by examination section.
